**Compliancy Software Names James Chickos as VP of Sales and Business Development**

Cary, NC – October 11, 2006 -- Compliancy Software, provider of easier to use and more cost effective next generation automation solutions for compliance regulations, today announced that James Chickos has joined the company as vice-president of sales and business development. Mr. Chickos brings over 25 years of sales and business development background from working at Alerts, Inc., Rogue Wave Software, Tangram Enterprise, Encompass and Mitsubishi.

With Mr. Chickos joining the company we bring broad experience and leadership to help Compliancy Software capitalize on the demand for compliance solutions and take an active role in the next phase of the company's growth," said Mark Shaw, President and co-founder, Compliancy Software. Mr. Chickos brings a broad technology background and extensive experience working with large to smaller enterprise companies providing more cost effective solutions that improve business management."

"Compliancy Software is ideally positioned with a strong offering and expertise in a high growth market," said James Chickos. "I am excited to be a part of this growing organization that has a clear vision of how to enable customers to more effectively implement their compliance initiatives. Customers can quickly realize greater cost reductions, utilize non-technical resources, distribute compliance tasks to business units directly and follow with the automation of their general business processes for even greater savings."

**About Compliancy Software**

Compliancy Software, Inc. specializes in next generation automation solutions for implementing and managing internal control processes and Sarbanes-Oxley and other compliance regulations. The Compliancy solutions provide greater value through Business Process Management, optimized automation and integrated roles driven interfaces for greater ease of use.
