Compliancy Celebrates Ten Years of Compliance Automation Excellence

Research Triangle Park, NC – April 24, 2012. Compliancy, a leader in tailored FCPA/Anti-corruption and GRC automation solutions, celebrates ten years of operations. During this period, Compliancy has deployed solutions North and South America, Europe, Middle East, Asia and Africa

Compliancy has grown its business and revenue every year since its inception. These ten straight years of growth are attributed to:

- A compliance automation platform that is now in its 4th generation that includes enterprise class workflow allowing for purpose built solutions for our customers
- Growing market leadership in tailored FCPA/Anti-corruption and GRC automation solutions
- Services and support staff with years of compliance experience
- Customer account and support team with customer retention well above industry average

A specific advantage of the Compliancy solution is its flexibility to utilize the current investments in policies and procedures and then easily customized them for changes, enhancements and integration across the various divisions and countries.

"Our ten years of success is a testament to the extraordinary team at Compliancy," said Mark Shaw, President and co-founder of Compliancy. "We have continued to grow and capture market share even during trying economic times. Compliancy's future looks very bright".

Compliancy enables your FCPA/Anti-corruption and any regulatory compliance program to be more proactive and more effective by <u>enforcing</u> policies, ensuring <u>accountability</u>, providing real-time <u>business intelligence</u>, and auditable <u>proof</u> of compliance.

About Compliancy Software
Compliancy specializes in custom tailored risk and compliance automation solutions such as FCPA/Anti-corruption and other GRC applications by leveraging a company's investment in existing controls, processes and compliance programs. Processes and controls unique to the company and industry can be easily automated and standardized to accelerate process completion, more effectively manage risk and lower the cost of management.

Large multi-national, mid-size companies and government agencies choose Compliancy because of its greater flexibility and cost effectiveness. Compliancy makes it simpler to automate and integrate both a broad range of GRC requirements such as FCPA, Sarbanes-Oxley, and OMB A-123 and internal processes such as Financial Close Management. Compliancy can custom tailor the right program to best fit a company's needs and budget whether on-premise or Software-as-a-Service.
