### **Compliancy Makes In-roads in Service Organization Multi-compliance**

*Service companies continue to rely on Compliancy to solve multi-compliance headaches*

Research Triangle Park, NC – June 25, 2014. Compliancy continues its growth and leadership in service organization multi-compliance with the addition of 10 new accounts so far in 2014

“SOC compliance has been a real driver for us into this market with customers, partners and vendors on the web.” Says Mark Shaw, President of Compliancy. But we see most companies dealing with 2 or more control/security frameworks and so a solution that manages and consolidates more than one set of controls is important.”

Compliancy offers an approach that reduces the effort and cost to become and maintain compliance with multiple standards. Compliancy solution supports SOC 1, SOC 2, HIPAA HITECH, PCI, ISO, FENRA, Risk Management and more. Consulting services and automation are available to achieve compliance quickly. Contact Compliancy for more information.

#### About Compliancy

Compliancy specializes in multi-compliance automation solutions for enterprise or service bureau such as SOC, ISO, PCI, HIPAA, FCPA and other GRC applications by leveraging a company’s investment in existing controls, processes and compliance programs. Processes and controls unique to the company and industry can be easily automated and standardized to accelerate process completion, more effectively manage risk and lower the cost of management. Large multi-national, mid-size companies and government agencies choose Compliancy because of its greater flexibility and cost effectiveness. Compliancy makes it simpler to automate and integrate both a broad range of GRC requirements.
